City Council Okays Dock Bid for BPW

City Council Wednesday night approved a recommendation of the Board of Public Works accepting low bid of \$179,400 entered by Love Construction Co. of Muskegon for a 360-foot extension to the present dock at the James De Young power plant.

The new addition will make the dock some 1,000 feet in length or, as BPW President Randall C. Bosch put it "big enough for ocean going ships."

It was pointed out that the Love Construction bid was some \$88,000 under engineers' estimates of \$267,500 and that it is expected the dock will be completed by early summer of 1962. Bosch also pointed out that the city uses some 60,000 tons of coal a year at the light plant, compared with 35,000 tons in 1955.

Asked by Councilman Henry Steffens if such increased business might not bring a reduction in rates, Bosch said that was unlikely in view of the expansion program at the light plant and added, "We haven't had a rate increase in years."

Referred to the Board of Public Works was a communication from the Downtown Merchants Division of the Chamber of Commerce stating they are unanimously in favor of the fluorescent type of lamps for lighting the downtown district. 'BPW Supt. Guy E. Bell said the fluorescent fixtures would cost more initially than the mercury vapor or incandescent lights, but could be operated as cheaply and furnish much greater light. City Manager Herb Holt added that the cost of the lights is amortized over the years.

The BPW also figured in a lengthy discussion toward the close of the meeting when the city manager's comments on post audit suggestions were read. One item on which Councilman Henry Steffens took issue was a criticism by the audit firm Seidman and Seidman questioning why the city auditor does not keep the books of the Board of Public Works as prescribed by charter. Bell said the BPW keeps books as required by the Federal Power Commission, and the system is not compatible with municipal bookkeeping. He added that this is an annual complaint.

Council unanimously approved Councilman Richard Smith's motion directing the city manager to set up a special meeting with a Seidman and Seidman representative to which all department heads will be invited.

Several gifts to Holland Hospital were acknowledged with gratitude. They listed 18 hand puppets for the pediatric department from the South Shore Hospital Guild; \$100 for educational purposes from Dr. Arnold R. Dood; from the Margaret Hummer guild, movable scale for OB department valued at \$65; certificates for expectant mothers classes valued at \$14.50; birth albs valued at \$191.25; two Christmas wreaths from Margaret Kollen guild; one Christmas wreath from Ebelink Florists; 17 Santa hand puppets from South Shore Guild; six mirrors from Donnelly Mirrors, Inc.; 14 magazine covers from Johnson's South Shore Pharmacy; oxygen tent from Frances Browning guild valued at \$650.

City Attorney James E. Townsend was appointed legislative contact man to serve during the 1962 session of the state legislature. A petition requesting a sanitary sewer in 21st St. from Plasman Ave. to Graafschap Rd. was referred to the city manager.

A letter from Holland Community Theatre expressed thanks for cooperation and assistance received from the city and from custodians of City Hall.

Council granted permission to the Ottawa County chapter of the National Foundation to solicit funds for a crutch sale Saturday evenings Jan. 6, 13 and 20 and for the Mothers March Jan. 30.

Council accepted an offer of Christ Memorial Reformed Church to convey to the city a parcel of land for opening Plasman Ave. between 24th and 25th Sts. Efforts to open this street are mainly for the safety of children attending Montello Park school.

Bids entered by the Michigan Mutual Liability Co. for \$16,279.14 for general liability and \$9,517.14 for workmen's compensation were approved. It was pointed out that the premiums are up about a third over last year, partly due to a supreme court ruling that governments no longer are immune to private suits.

The city manager reported on three sewer projects, listing estimated cost of the 38th St. sewer from Central to Pine Aves. at \$10,286.41 with \$4,969.99 by special assessment; the 37th St. sewer from Central Ave. west to dead end at \$6,046.30 with \$3,239.35 by special assessment; and the 22nd St. sewer from Plasman to Ottawa Aves. at \$13,891.39 with \$9,783.50 by special assessment.

Council chambers were bright with poinsettias provided by the Park Department and plants were given to Councilmen, city officers and members of the press. Mayor Nelson Bosman expressed appreciation to the Park Department and voiced sincerest holiday greetings

Freight Train Causes Tie-Up

A Chesapeake and Ohio freight train from Chicago to Grand Rapids broke down twice Tuesday, causing traffic tie-ups in both cases.

At 10 a.m. Tuesday, traffic in downtown Holland was stalled for some 20 minutes when the 141-car freight came to an emergency halt, blocking Eighth St., after the train pulled a drawbar in a hitch.

Railroad officials said the train is braked automatically when the drawbar is pulled. The faulty car must then be located and repairs made.

Railroad crewmen had the defective car towed to the Waverly Yard and a new "knuckle" installed before the train could again get moving.

Earlier Tuesday the same train was halted for several hours, blocking 108th and 109th Aves., near Pullman. Railroad officials listed the cause of the breakdown, which occurred about 5:30 a.m., as a "holbox."

A fire in a journal box on one of the cars burned off an axle, officials said.

A wrecker from Grand Rapids was sent to the scene of the breakdown to lift the car while an entire new set of wheels was put in place. Railroad officials said the greatest delay was in bringing the wrecker from Grand Rapids.

BPW Reports Net Increase In Profits

Continued progress and expanded services are the chief points of the 62nd annual report of the Board of Public Works which was presented to City Council at its regular meeting Wednesday night.

Randall C. Bosch, BPW president, said the board was happy over progress in all departments, citing the new addition under construction to the light plant, the fine new water system completed a few years ago and the new sewage treatment plant and sewer lines nearing completion.

"We are especially appreciative of the wonderful cooperation of City Council for without this cooperation we could not show the progress we have achieved. We think we have the very finest utilities anywhere," he said.

The 32-page printed report showed detailed figures for all departments.

The electric department showed a net operating profit of \$377,226.38 compared with \$339,333.45 last year. Of this total, \$100,000 is turned over to the general fund of the city each year while the remainder goes into improvements.

The electric system has two generating plants. These are the James De Young Generating station at West Third St. and the Fifth St. station. The James De Young plant when completed in 1940 had two 7,500 kw. turbo-generators. In 1933 the first addition was completed, adding an 11,300 kw. turbo-generator.

Construction was begun in 1960 on the second addition. Being installed are a 22,000 kw. turbo-generator. The new addition is financed by revenue bonds totaling \$4,000,000. An emergency interchange with Consumers Power Co. was completed in 1957, making 10,000 kw. of electricity available for emergency use. Total investment in the electric department as of June 30, 1961, was \$7,232,782.61.

Net operating profit in the water department for the year totaled \$129,506.92, compared with \$131,838.96 for the previous year. Holland's source of water supply is Lake Michigan. The intake and filtration plant are located near Tunnel Park seven miles from downtown Holland. Construction of the plant began in 1935 and full usage of Lake Michigan water began April 7, 1937. Total investment at the close of the year was \$4,484,689.37.

Net operating income for the sewage department totaled \$127,247.85 for the year, compared with \$102,188.21 the previous year. For operating revenues city users paid \$171,261.21 and suburban users paid \$1,399.56. Net worth as of June 30, 1961, was \$1,828,153.26.

Holland has two separate systems of sewers, one a drainage system for storm water under the direct supervision of Council through the city engineer and the other a sanitary sewage system which is under management and control of the BPW. Work began this year on improvements to the sanitary sewage system.

He got six points in the rally and his two free shots with 2:15 left in the half put Muskegon ahead 25-23 after Howard Collins had tied the score on a layup with 2:30 remaining.

Moore bombed six baskets in the second quarter as the Big Reds connected on nine of 22 while Holland made one basket (Tom Essenburg at 4:30) in 10 tries.

Dan Koop opened the second half with a basket and Mike De Vries followed suit before Carl Walters sank a free shot. But that ended Holland's third quarter scoring.

With Moore and Strong leading, Muskegon pranced to a 52-28 third period margin. Muskegon scored 12 straight points in the third quarter and added four more in the fourth period before the Dutch scored again on Essenburg's free shot with 6:27 left in the game.

Holland had two of 12 in the third quarter and three of 14 in the final period. The Dutch ended with 12 baskets in 47 tries for 26 per cent.

Muskegon made eight of 21 in the third period and six of 17 in the final frame and concluded with 26 of 79 for 33 per cent. Holland made 17 of 31 free shots and the Big Reds sank 17 of 22.

Moore, the LMAC defending scoring champion, had 22 points on ten baskets and two free shots. He has now scored 92 points in four games for a 23-point average. A total of 30 of his points have been in league play.

Strong, Moore's running mate for three seasons, followed with 11. Koop paced Holland with 17 points, including five of eight free throws. Terry Nyland made seven free shots and tied Essenburg who also had seven points.

De Vries drew four fouls in the first half and fouled out in the final period.

Maroons Cop Third Victory Over Allegan

ALLEGAN—Holland Christian's basketball team staved off a second half rally by the determined Allegan High quintet here Friday night to hand the Tigers their first defeat of the season by a 60-56 score before 1,500 fans.

Coach Art Tuls' Maroons came through with the pressure really on in the final quarter to pull away again after it seemed that they had the victory all wrapped up in the first half. Christian led by a 31-20 count at halftime only to see the Tigers go ahead briefly in the last period.

The Maroons were forced to overcome a 73 per cent Allegan shooting average in the third stanza to take the victory. Coach George Van Wagoner's red hot Tigers connected on 11 out of 15 during this crucial comeback quarter.

Once again the Maroons flashed a fine defense and superior rebounding to pave the way for their third win of the season. Led by Jim Langeland, Paul Steigenga and Clare Van Wieren on the boards, Christian had control throughout most of the first half.

In the second half, two great Allegan performers, Barry Harris and Buzz Luttrell gave the Maroons a real battle for board control. Both Harris and Luttrell are great shooters from almost any place, and it was their efforts that kept the losers in the ball game. Van Wieren with some great offensive maneuvers forced Harris to pick up four personal fouls in the first half, but he played the entire second half without fouling out.

Christian's guards, Paul Tuls and Jim Fredricks, again turned in sterling performances. Besides setting up the offensive action for the Maroons, the two playmakers came through with the key baskets to pull the Maroons out of trouble. Tuls scored on a couple of fine drives while Fredricks continued to hit consistently from out.

Ron Lubbers, junior forward, also turned in a fine game in his substitute role.

The first quarter was a nip and tuck affair with the Maroons jumping out to a four point bulge and later upping it to 11-6 on some good shooting by Steigenga. Baskets by four different Allegan players, gave the Tigers two-one point leads before the period ended in a 15-15 deadlock.

Christian's fast break really operated in the second period as they outscored the Tigers 16-5. Led by Van Wieren and the two guards, the Maroons scored four times in the period on the break situation. Christian led 31-20 at halftime.

The Maroons held 14 point leads early in the third stanza before the Tigers began their bombardment. Hitting from all angles and paced by Harris and Luttrell the Tigers whittled the margin to 45-44 going into the final period. Christian hit 6-18 in the period but couldn't match the torrid Allegan shooting.

A basket by Harris with 6:39 left in the fray gave the Tigers a one point lead. The Maroons went ahead 50-48, but the fighting Tigers took a 52-50 lead with 3:23 left. Allegan started stalling tactics at this point and it proved costly.

The Maroons gained possession of the ball and Fredricks hit for six straight markers to put the pressure on the losers. Allegan was now forced to foul to get possession and the Maroons calmly sank six out of seven free throws in the last two minutes of play. Christian held a six point margin before an Allegan desperation shot narrowed the count to four at the buzzer.

In the overall shooting, the Tigers scored on four more baskets than the Maroons with 25 out of 62 for 40 per cent, while Christian had 21 of 62 for 34 per cent. In the free throws, however, the Maroons hit on 14 out of 23 compar-

ed to just six out of 12 for the losers.

Fredricks and Harris paced their respective teams with 18 points apiece.

Next Friday the Maroons travel to take on one of the state's top class B teams in the Ludington Orioles. Christian is 3-1.

East Beats West Ottawa

GRAND RAPIDS — The West Ottawa reserves absorbed a 35-32 defeat at the hands of East Friday night in a game played at East Junior High.

The Panthers discovered that it takes more than three minutes of offense to win a game. Trailing 22-35 with less than three minutes remaining the Panthers scored eight straight points on baskets by Gale Romine, Dave Vizithum, and two by Bruce Johns to move to within three points before the time ran out.

The Panthers had a sound man-to-man defense throughout the game and they held their opponents to only 35 points, but the offensive shooting was poor. In field goals by quarter, they had 1-7, 2-15, 5-16, and 7-18 for 27 per cent.

The Panthers trailed the entire game. At the quarter mark it was 6-2, at half 15-7 and after three quarters 29-18 before they made their move. Each team was getting only one shot.

The Panthers now have an overall record of 0-3 and a Grand Valley mark of 0-2, while East is 3-1 and 1-0 in the conference.

Bruce Johns led the Panthers in scoring for the third straight game as he tallied 11, and was followed by Dave Vizithum with 8, Dave Farabee and Gale Romine each 4, Steve Piersma 3, and Tom Fairbanks two.

Saugatuck Tops Gobles

SAUGATUCK—Saugatuck's basketball team defeated Gobles, 41-35 Friday night for its first All-Van League victory in four starts and its second win in five games this season.

The Indians led 13-7 at the quarter and 21-15 at half. The third period score was tied 27-27.

Steve Smith led the winners with 15 while Dennis Nicol had 11, including five of eight free shots. Nicol stood out on defense for Saugatuck. Dean Messinger had 23 for Gobles.

The Gobles reserves defeated the Saugatuck seconds, 47-20. Jerry Miller and Steve Hungerford each had five for the winners while R. White had 10 for Gobles.

Saugatuck's next game will be at Lawton on Jan. 5.

Slightly Hurt in Crash

Paul R. Klingenberg, 31, of 163 Grandview Ave., was released from Zeeland Hospital after treatment of minor injuries suffered when his car left the road and struck a tree at Paw Paw Dr. and 112th Ave. at 6:15 p.m. Thursday.

Ottawa County deputies said Klingenberg was rounding a curve on Paw Paw Dr. when a front tire on his car blew out, causing the auto to leave the road.

West Ottawa Drops Close Tilt to East

EAST GRAND RAPIDS — West Ottawa lost a squeaker to East Grand Rapids 43-39 at East Junior High Friday night and lost an excellent bid for a real basketball upset.

The Panthers were in the game right up to the last nine seconds when a Panther player was fouled and had a free throw on a one-and-one situation when the Panthers missed the first shot. Max Dalman missed the first one, however, and the Panthers had to foul East in order to get the ball back.

The last quarter started with the teams tied 31-31. During the first five minutes of the quarter there was little scoring and the Panthers trailed 34-33, but then the fireworks began as East hit three straight buckets to move to a 40-33 lead, but Duane Overbeek swished a jump shot from the side and Marinius Donze, 5'11" senior forward, tipped in a basket on a great effort to move the Panthers to within three points, 40-37, with 50 seconds remaining. With 46 seconds remaining, M. Donze was fouled but missed the free throw.

Big George Maentz, 6'5" center of the Panthers, tipped in a basket from about 10 feet out but Overbeek again swished a jump shot to again move the Panthers within three points. The Panthers didn't get any closer than three points in the last 30 seconds.

When the game started, it looked as though East would use their superior height to completely dominate the Panthers. East had Maentz, 6'5", McCarthy, 6'4", and Moser, 6'3", against the Panthers' front line of Norm Koop, 6', Roger Borgman 6'2", and George Donze, 5'11".

Both teams played good defense with East in a man-to-man giving the Panthers just one shot. The Panthers were in a zone which conceded the long shot but prevented the big man from doing damage near the basket. The strategy paid off because East was not hitting from the outside and the smaller Panthers were clearing the rebounds.

After East had moved to a 9-5 first quarter lead, the Panthers scored on a few jump shots after being down six points midway in the second quarter to come to within one point 18-17 at halftime.

Vizithum had nine points in the quarter for the Panthers. Vizithum again sparked the Panthers in the third quarter with seven points and with two minutes remaining they led East by five points, 29-24. The Panthers hit 6-12 field goals in the quarter, while East had 6-11.

The Panther ball club seemed to come of age in this game. In absorbing two losses the team learned the value of good defense, hustle, position on rebounds, and the art of working together. Borgman played his best game on defense as he grabbed ten rebounds away from his taller opponents. Vizithum and Overbeek were the offensive sparks as Vizithum carried the team through the middle of the game and little Overbeek, 5'8" junior guard, held the offensive together in the last quarter.

In the field goal department, West Ottawa had quarters of 2-14, 5-13, 6-12, and 3-10 for an overall record of 16-49 and 32 per cent. The percentage was not high but it looked good to Coach Herb Maatman because in the first two games it was down to 22 per cent and 21 per cent. The Panthers had quarters of 4-12, 4-18, 6-11, and 3-11 for 19-52 and 37 per cent.

At the free throw line, the Panthers made 7 of 15 for 47 per cent and the winners 5 of 15 for 33 and one-third per cent. Maentz was the main cog in the East offense as he scored 18 points. His jump shot was impossible to block and he made three nice tip-ins.

The Panthers now have an overall record of 0-3 and a Grand Valley record of 0-2, while East has a record of 2-2 and are 1-0 in Grand Valley competition.

The Panthers will play their first game in the new gym next Friday and will host South Christian. The bleachers are being installed at the present time and a capacity crowd is anticipated for the first game.

Hudsonville Stops Rogers

HUDSONVILLE — Hudsonville's basketball team copped its third straight OK League victory Friday night with a 56-44 win over Grand Rapids Rogers.

The win gives the Eagles a 3-1 overall mark. Hudsonville led 12-8 at the quarter and pushed the margin to 26-15 at half.

The third period score was 48-25. Rogers outscored the winners 19-8 in the last quarter.

Tom Brandt had 13 for the winners while Larry Cotts picked up 11 and Jim Walma made 10. Gary Williams scored 20 for the losers.

The Hudsonville seconds nipped the Rogers reserves, 56-55. Roger Nyenhuis had 26 for the winners. The Eagles host Kelloggsville on Jan. 5 in the next OK League game.

Central State Hands Hope 94-85 Defeat

WILBERFORCE, Ohio — Hope College's basketball team lost, 94-85 here Friday night to Central State in Beacom gym after putting on a fine second half performance.

The Flying Dutchmen were down 53-43 at half but came up with a 48 per cent shooting mark in the second half to cut down the winning Central State margin.

Hope scored 51 points in the second half while the Marauders picked up 41. It was Hope's fourth loss this season in seven games and the second straight on the two-day road trip.

Three games in three days (Hope beat Olivet on Wednesday night, 81-54) told on the Dutch and they couldn't match the Central State speed and rebounding, especially early in the game.

The Marauders jumped to a 29-9 lead with 13 minutes left in the first half and that was the game. Central State ran well, getting the ball off the board, passing to half court and then putting the fast break in motion.

Jim Vander Hill scored 34 points, his highest total this season. The 6'2" junior now has scored 189 points in seven games for a 27-point average.

In trying to stop the Queens Village, N.Y., jump shooter, Central State frequently fouled Vander Hill and he made 12 straight free shots. Vander Hill sank 11 baskets, mostly from outside.

Glen Van Wieren, Holland sophomore, picked up nine baskets and scored 19 points while Gary Nederveld, Byron Center junior, notched 11. The 6'5" Nederveld continued to impress on the boards and grabbed 18 rebounds against the taller Marauders.

Hope shot 37.7 per cent in the game including 20 of 41 in the second half for 48.1 per cent. The losers had 12 of 43 in the first 20 minutes for 27.7 per cent. Central State shot 39 per cent for the game.

Central State, now 4-2 this season, was led by junior Jerry Cummings who scored 25 points, including 10 baskets. Junior Bill Hutson followed with 22 and freshman Ted Day had 16. Freshman Jerry Tillman, all-star last season from Saginaw, scored eight.

The All-Negro school now holds a 5-4 game edge over Hope. Central State doesn't make a return trip to Holland this season.

Volley

Slate Rep. Ben Lohman of Allegan was in City Hall a few days ago chatting about the three-month trip around the world he and Mrs. Lohman had just completed . . . and enjoyed no end.

Asked where he would like to live if he had to be outside USA, his surprising answer was Hong Kong. One factor was meeting two genial missionaries there, Walter de Velder and Gordon de Pree. Singapore also held charms for the Lohmans. Saigon, no thank you. And coming from the humid heat of Indonesia to Tokyo, Japan, where the temperatures was 30 degrees . . . that's part of international travel.

Also on the itinerary were the usual highlights of Europe (Switzerland was beautiful, Paris busy, Venice delightful), the near east with its visit to the Holy Land, then India, the orient and home by way of Hawaii.

Yes, Hawaii would be a nice place to live too, but Hong Kong is No. 1 on the list.

Tragedies like that awful fire which claimed 16 victims at that hospital fire in Hartford, Conn., last week have far reaching effects, and the administration at Holland Hospital has been studying its own trash chute, etc. Yes, it has a sprinkler head at the top. All data is being studied for the next fire safety meeting.

City Sanitarian Sam Stephenson has a real solution. He said the best thing to do with chutes like that is fill them up with concrete. Don't laugh, that has been done in many cases.

Remember the little things at Christmas time. Tossing a few coins in those downtown Salvation Army kettles may possibly do more for you than for the people helped in this program.

Take time to enjoy Christmas this year. Cut your speed on River Ave at Centennial Park and look at the Nativity Scene.

Many people have commented on downtown decorations. They're the same as the last few years, but the simple greens in festoons and wreaths and the lights are generally preferred to the flashy plastic cutouts.

It's Christmas time now, but it will be Tulip Time before you know it. The Chamber of Commerce has Tulip Time stickers that may be attached to letters, etc. They cost \$3 per 1,000. Dates are May 16 through 19, 1962.

It's newcomer time again, and the city hostess welcomed six new families to Holland in November.

Mr. and Mrs. Rex Drummond of East Moline, Ill., are living at 848 South Shore Dr. Mr. Drummond is purchasing agent for Pent Electric. The Drummonds have six children.

Dr. H. Englund Interprets Carols At Hope Guild

Dr. Harold Englund brought fuller appreciation of the lovely Christmas music to members of the Hope Church Guild for Christian Service at their monthly luncheon meeting on Wednesday in the Church Parish Hall.

Dr. Englund spoke of the "witness of the carollers," for theology clearly runs through the numerous verses especially in the carols written by Wesley. As he read examples, the meaningful words of the familiar Christmas songs directed the listeners to the outward reach of Christmas love. Rev. Englund played carols chosen by the guild members to close the program.

Devotions by Mrs. James Lamb portrayed the present tense of Christmas in the words of the hymn, "It is still Messiah's day." Closing prayer offered by Mrs. James Wayer also included the words of a familiar song, and Mrs. Wayer paid tribute to the closing guild year.

Mrs. Gerald Rocks presided at the business meeting. After reports were heard, the Guild approved a special gift to the migrant ministry. Mrs. Rocks thanked circle five's chairmen, Mrs. Harold Thornhill and Mrs. Gerard Haworth who prepared the meal for more than 80 members attending.

FORMER PRESIDENT

Dwight D. Eisenhower

Dwight D. Eisenhower has been to Michigan and Lansing where he spoke to a capacity crowd at the State Constitutional Convention where he made it clear that if you want state's rights then you must take on the responsibilities that go with the rights.

This is another place where we can always do a better job if we do it ourselves. When our tax dollars go to Washington then the dollar becomes smaller and we get less for our money.

Former President Eisenhower pointed out that the federal government is not out to grab the state functions, but if the states fail to accept the local needs, the federal government will step in. And furthermore, he said, that's exactly what has been happening.

According to the reports, Mr. Eisenhower did not mince words when he pointed to the faults of many states in handling their local problems. One can read about the federal aid to states almost every day in the week and here again the slogan of "Do it yourself" seems to be a good one to follow.

Our people, who are representing us at the Convention as delegates, we hope will remember that Mr. Eisenhower prefaced his remarks by explaining that the reason he had agreed to come to the convention was because he hoped the publicity would encourage other states to take similar action. The time is moving along fast and the people we have elected to the convention have their work cut out for them.

We are going to need the very best kind of a constitution to present to the people. We, the people, want to be able to have every bit of government of the very best kind that our tax dollars will produce for us.

The waste must be cut. The time is now.

Sunday School Lesson

Good News of Great Joy
Luke 2:1-16

By C. P. Dame

Not all the chapters in the Bible are equally important. Luke 2 is one of the most important of all. Why? Because it tells of one of the greatest events of human history — the birth of Jesus Christ which has brought much joy to mankind.

I. God uses the great as well as the small in carrying out his purposes. Two shepherds, Matthew and Luke, tell about the birth of Jesus. Matthew gives the story from the standpoint of Joseph. He records the visit of the Wise Men. Luke tells us the facts which he gained from Mary. The story of the shepherds is found in his gospel. In Matthew we can read about the visit of an angel to Joseph and in Luke we may read how the angel announced the coming birth of Jesus to Mary.

Luke connects the sacred with the secular history. The Roman emperor, Caesar Augustus, whose real name was Caius Octavius, a great nephew of Julius Caesar issued a decree that all the world should be taxed. Never before had the emperor ordered such a tax. The statement: "And this taxing was first made when Cyrenius was governor of Syria" used to be questioned but it has been proven to be true. The words "all of the world" reveal that the Roman government was totalitarian. It was this decree which caused Joseph and Mary to leave Nazareth and travel to Bethlehem to enroll there, because it was their family center, in accord with the Jewish custom of taking a census. It took an emperor's decree to help fulfill the prophecy of Micah the prophet made 650 years before. God is the world's only Sovereign Ruler.

II. Both angels and shepherds played a role in this great event. Jesus was born in a stable — he came in this world in the midst of humble surroundings. It is worth observing that today millions celebrate the birthday of him who was born in a stable and nobody pays any attention to the man who then ruled in a palace. God sent his angel to tell a few shepherds who were keeping watch over their flock about the birth of Jesus. The angel passed by the religious and political leaders of the nation and reported the event to humble shepherds who were frightened by the "glory of the Lord" which shone round about them. The angel said to the shepherds, "Fear not for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day, in the city of David, a Saviour, which is Christ the Lord."

The shepherds were told that they would find "the babe wrapped in swaddling clothes, lying in a manger." The message of the one angel was substantiated by "a multitude of the heavenly host, praising God." Again and again the message of the angels has brought joy to people in all parts of the world.

The shepherds acted—they did not argue, question or hesitate, but hurried to Bethlehem and found everything exactly as the angel had reported to them. "And they came with haste and found Mary, and Joseph, and the babe lying in a manger."

Today we read about their obedience. Those who obey God's orders are rewarded. These humble men did not keep the good news to themselves but they told it to every one they met and they who heard it wondered. The shepherds went back to work but they were not the same men for they had seen Jesus. Observe that the first preachers of the gospel were laymen. Great things will happen in our land when laymen begin to tell the good news to their fellow laymen at work and at play. Remember—the future belongs to the angels, shepherds and to Christ—not to the soldiers or the Caesars.

Church decorations included Oregon ferns, seven-branch and three-branch candelabra and three large bouquets of white gladioli and mums accented with blue bows. Pew decorations consisted of gladioli, mums and blue satin bows.

The bride, who approached the altar with her father, wore a floor-length gown of imported brocade featuring a moderately scooped neckline delicately jeweled in pearls and crystal. A poufed bustle topped the chapel train. Her elbow-length bouffant veil of illusion fell from a pearl and crystal contour crown. She carried a cascade bouquet of glittered white carnations and stephanotis centered with orchids.

The honor attendant was attired in a peau de Soie bell-shaped dress in sapphire blue, accented by a matching crown of tiny cabbage

roses. A white fur muff glittered blue gardenias completed her ensemble. Similarly dressed were the three bridesmaids.

Mrs. Brower, mother of the bride, wore a rose wool jersey sheath dress with a white orchid corsage. The groom's mother chose a blue wool sheath dress, also with a white orchid corsage.

The senior class led the list numerically with 42 members, 22.4 per cent on the honor roll, but the sophomore class had the highest percentage mark with 37 members, 26 per cent of the class. The shopping district in Zeeland is bedecked in brightly lighted candy canes, lamp post candles and other trimmings, and Christmas trees abound in store windows and other places of public business.

Explorer Scouts this week trimmed a very nice tree on the lawn of Community Hospital, and more trees are to be found in the hospital corridors and lobby.

The windows, porches and lawns of many homes in Zeeland have also put on their brightest dress of the year for the Christmas season.

Perhaps the most outstanding of these is a neighborhood effort in the Huizinga Subdivision called "Christmas Card Lane." The front yards of fifteen homes on West 14th Street between 101st and 104th Avenues are adorned with large four-by-five foot Christmas cards, made of wood, and lighted trees and other holiday decorations.

The fifteen neighbors turned the lights on for the first time Saturday night, and a progressive dinner to mark the occasion followed the turning on of the lights. Appetizers were served at the Martin Van Harn home, followed by salads at the Roger Lamer residence. The group then moved to the Harvey Knoper home for the main course. Desserts at the Henry Tubergen home were next. The fifteen families then met at the home of Mr. and Mrs. Jim Topp where they sang Christmas carols.

The cards on Christmas card lane will be lighted every night from 6 to 10 through the holiday season. The neighbors say they will make the card display an annual affair.

Participating in the holiday project are the families of Edward Jaarda, Leon Brummel, Paul Blauwkamp, John De Vries, Harvey Knoper, Henry Tubergen Jr., Elmer Veldheer, Martin Van Harn, Roger Lamer, Marvin Popma, Harvey Emelander, Marvin Lokers, and Mrs. Grace Van Haisma.

Junior Welfare League Says Annual Ball Success

The gala Candy Cane Charity Ball held Saturday night attracted 650 persons to the Civic Center when the Junior Welfare League put on the annual event to benefit Holland children.

The lobby was full of elves in Santa's workshop. All were made by League members. Santa Claus was asleep in his bed and Mrs. Santa (Mrs. A. Waltman) was knitting and watching the dozen or so elves making toys, driving trains or doing the other chores Santa's helpers do. The large tree in the lobby was filled with miniature elves as favors.

Two flocked white Christmas trees on the stage were trimmed with red lights and red ornaments. Miniature elves in cradles were placed on the stage. Tables were covered with red paper and candy canes with elves were the centerpiece. A canopy of glittering snowflakes formed the ceiling. The Ambassadors from Grand Rapids

occupied the center of the floor and played for the dancing. Ball gowns varied from the extreme formal to the semi-formal and were admired by all.

On Sunday afternoon about 800 Holland area children visited the Civic Center to see the colorful decorations. When they left they were given candy canes which were part of the decorations.

League members dressed like Santa's helpers greeted the children at the door of the Civic Center.

The decorations have been left just as they were Saturday night for the annual H. J. Heinz Co. Christmas party at the Civic tonight.

Members of the League will go to the Civic Center on Tuesday to remove the decorations which will be stored for future use.

Ottawa County Farm News

By Richard Machiele
Extension Agent, Agriculture

Ottawa County potato growers who would like to secure certified seed for their 1962 crop may be interested to know we have a list of certified growers in Michigan available at the Extension Office in Zeeland. The varieties available are Ardena, Cherokee, Chippewa, Emmet, Green Mountain, Huron, Irish Covler, Katadin, Kennebec, Merrimack, Norland, Onaway, Ontario, Plymouth, Russet Burbank, Russet Rural, Russet Sebago, Sebago, Sequoia, and White Rural.

Also, this past week we received the Michigan Certified Seed Handbook for 1962 in which all growers of certified seed including wheat, rye, barley, oats, corn, popcorn, soybeans, field beans and potatoes are listed. We will be happy to make these available to anyone interested in a local source of certified seed.

A reminder to strawberry growers that we have reached the time when strawberries should be mulched. It's always good to wait until the ground is frozen hard and remains so. If you have not done this job already and there is not much snow, there is still time to do it.

The report from the Northern Michigan Feeder Pig sale, which has been in operation for about a year, shows that 483 feeder pigs were sold at auction. Average for all pigs sold was \$10.60 per head. In looking over the prices for the various weight groups the report indicates that hogs weighing from 30-37 pounds sold for approximately \$6 to \$8, and those 40-60 pounds sold for \$10 to \$15 per head. It seems this is quite near prices being paid locally for this type of hog.

From the American Guernsey Cattle Club comes word of a high record for a registered Guernsey cow, Rushcreek L Faith owned by Harold L. Jensen & Sons, Jensen. This cow has completed an official DHIR production record of 9,700 pounds of milk and 641 pounds of fat. "Faith" is a senior two year-old and was milked two times daily for 305 days while on test.

"Indications are that the Government will purchase the equivalent of about 3.0 billion pounds of milk in the price support program

in 1961. Viewed in the aggregate, this seems like an awfully large quantity; however, let's break it down and see how much it is.

"We have 182 million people in the U. S. If we divide 182 million into 3 billion pounds of milk, we get an average of 16 pounds of milk per person per year surplus. "How much is 16 pounds? This is 16 pints, or 32 half pints. Therefore, this surplus amounts to 32 glasses of milk per person per year.

"There are 365 days in the year. This means that the surplus is one glass of milk per person every 11 days.

"To date nearly 1,400 officially tested registered Holsteins have topped the 150,000 pound mark—approximately six times the lifetime output of the average U. S. dairy cow."

West Ottawa All-School Play Attracts Nearly 400

An almost flawless performance marked the opening night of West Ottawa High School's first all-school play, "Our Town," Thursday evening given in the new school auditorium. About 400 persons attended.

The three-act drama, written by Thornton Wilder, was directed by Gene Rucker. Technical director was Jim Smith while Miss Diane Riemersma, assisted by Miss Donna Van Til, was stage manager.

"Our Town" is a play attempting to find a priceless value for the smallest events in daily life. The plain people in the small town of Grover's Corner, N.H., are involved in the universal events of daily life: birth, marriage and death. Yet it is a story of wasted life, the denial of human values, an indictment of self-blinded living.

The play uses no scenery whatever. Members of the audience must use their imagination and place the action of the play in their own living room, using their own furniture in their own town. The stage manager, a role which was aptly filled by Dave Bouwman, regulates the tone of the play. He criticizes human limitations with astounding cheerfulness and compassion.

Donna Stawsky filled the lead role of Emily Webb, while John Hudzik was George Gibbs, the boy Emily marries. Emily's parents, Mr. and Mrs. Webb, were

played by Glen Bareman and Phyllis Cauwe. Ken Tenckinck and Mary Hakken were Dr. and Mrs. Gibbs, George's parents.

Included in the cast were Dave Hakken, playing both Jo and Si Crowell; Harry Knipe as Howie Newsome; Charl Weigel, Rebecca; Steve Stam, Wally Webb; Paul Bosman, Professor Willard; Ron Vander Beek, Simon Stimson; Sue Longstreet, Mrs. Soames; Tom Eppinga, Constable Warren; Jack Helder, Sam Craig; Rich Nienhuis, Joe Stoddard.

Also appearing were Janet Perkins, Nancy Pelon, Dave Piet, Lesley Don Herder, Judy De Vries, Ruth Hornstra, Katie Hoving, Richard Kingshott, Michele Kolean, Joyce Loncki, Ola Oertel, Sally Plakke, Nanalee Raphael, Arlene Schutt, Annelies Ten Voorde, Bonnie Timmer and Diane Wightman.

The production had been delayed for almost a month because of a school board ruling that no public events could take place in the school until construction was completed. The school was officially opened on Saturday, Dec. 9.

This extra time gave the cast an opportunity for additional rehearsals, thus the opening night performance went smoothly with few noticeable mistakes. Everyone knew his lines and the backstage work, such as sound effects, coordinated well with the performance onstage.

PRODUCTION SENTINELS — A Parke-Davis engineer checks the electronic consoles that record the manufacturing progress of certain chemicals at the company's new two-story chemical plant on Howard Ave. The robot-like consoles can be set to regulate the heat of reactors

in which chemicals are mixed and the speed of the blade-like paddles which blend the materials. One hundred reactors, ranging in capacity from five to 3,500 gallons, are installed in the plant's four production areas.

DEMONSTRATES SAFETY WINDOWS — One of the workmen at the new Parke-Davis Chemical plant in Holland shows the ease with which each of the 10,000 plastic windows in the plant pops out. The windows, of translucent blue reinforced polyester, measure 18 by 12 inches and are designed to pop out of their concrete frames

without shattering at a pressure of 20 to 30 pounds per square inch, comparable to the force used in swatting a fly. The pop-out feature instantly reduces undue pressure inside the building. These plastic windows comprise 80 per cent of the exterior walls of the new building.

ALABAMA IN MINIATURE — Fred M. Leonard of the Georgian Bay Lines studies a 5½-foot model of the S.S. Alabama as the ship looked when it was built in 1910. a cost of \$4,000 to \$5,000. Leonard said the model might actually have been built before the Alabama. The model of the Alabama was moved to Holland from Mackinac Island where it had been displayed at the home of the late William Lucking, former head of Georgian Bay Lines.

West Ottawa Opens New Gym

West Ottawa High School opens its gymnasium for the first time Friday night and a big crowd is expected to be on hand to watch the basketball game between the Panthers and Grand Rapids South Christian at 8 p.m.

Workers are erecting the 10-tier bleachers on the east and west side of the gym this week. The bleachers will seat 1,620 persons, athletic director Herb Maatman said today.

Balconies are located on each side of the gym and future plans call for balcony bleachers. This will add another 950 seats, 425 on each side.

There is also room for smaller bleachers on the ends of the gym if the future game attendance would be such that additional seats were to be added. The end zones could accommodate about 200 persons. If the crowds overflow the gym this season, chairs will be placed on the balconies and in the end zones, Maatman said.

West Ottawa is interested in obtaining a district, regional or quarter-final basketball tournament. Maatman has contacted Charles Forsythe, state director of Michigan prep athletics, as to tournament possibilities.

Maatman said Forsythe indicated West Ottawa would be included in the rotation of the Class B tournament. "We like to play tournaments in new schools," Forsythe said.

For the past few years the Class B district tournament involving Holland Christian and Zeeland has rotated between the Holland Civic Center and the Zeeland gym.

The Panthers are also a Class B school and competed in the B district for the first time last year. The 1962 district will be held in Zeeland and the three schools along with Hudsonville and Hudsonville Unity Christian will compete.

The teams and two scoring tables will be located on the west side. Glass backboards have been installed on the 90' by 50' floor for basketball games. Power lifts

will hoist the backboards to the ceiling when not in use.

Two basketball cross-courts are on the floor with four fan-shaped backboards for physical education classes. A volleyball court is also marked on the floor.

It is possible to have six physical education classes going on at the same time, Maatman said. Two of the classes will be held on the gymnasium floor, two on the balconies, one in the physical education classroom and one in the pool.

When the bleachers are installed on the balconies, they will be forward folding and will provide a protective barrier along the present open side. The bleachers being installed on the gym floor are reverse folding and fold against the wall.

The balconies will have a special sound system for rhythmic exercises and instruction. The balcony walls will be used for tennis instruction.

An enclosed press-radio booth has been built on the corner of the northwest wall overlooking the floor, adjacent to the west balcony. Electric scoreboards are located at each end of the floor.

Varsity wrestling is anticipated at West Ottawa and one of the balconies will be used by the wrestlers. The balconies have concrete floors.

Block glass tile is located at the end of the gym with colored tiles intermixed. Parking is provided on both sides of the school.

The varsity lockerroom has 41 lockers with entrances to the gym and the pool. A laundry and training rooms are provided along with the shower room. A mud room for football players is next to the varsity locker room about 400 feet from the practice football field. Visiting teams will use the girls locker room.

Work is continuing on the swimming pool. Tile is presently being laid. Permanent seats for 575 persons have been built. The pool is adjacent and west of the gym.

Randall C. Bosch, BPW president, said that the Board will take all of the bids under consideration, and the contract will probably be awarded at the end of the week.

Service reporter, Mrs. Ralph Stulp, reported that plans were to present a food basket, gifts, and clothing to a family of five. Punch was served by Mrs. John Berry after the meeting.

Mrs. Frank Bronson presented the program "The Connoisseur." A connoisseur is one competent to judge objects of art. She pointed out Mrs. Kennedy's use of older furnishings of past occupants of the White House; making practical use of them to create a more home-like atmosphere.

China-ware may be judged by five points: body of which it is made; the glaze; the contour; decorations; the mark of the maker. Glass is blown, pressed, or cut but with no markings, said Mrs. Bronson. Therefore age is difficult to determine.
